

## Join one or both of our back-to-back work brigades.

We'll be installing 4 SunSpring water purification plants during the weeks of August 9-15. *We need your help!* **The District Governor of Rotary in Puerto Rico** has submitted a Global Grant to fund these systems. The need is great on the island, and SunSpring plants, along with micro-power grids for electricity will provide for decentralized, robust and sustainable water and power.

Puerto Rico has suffered so much, and as we enter another hurricane season, we can participate in making Puerto Rico stronger than ever.

Price for either Brigade, including airfare from SFO: \$1450

Price for Both Brigades, including airfare from SFO: \$1925

(includes Economy roundtrip air, double occupancy accommodations, all meals, ground transportation. Add \$100 per day for single supplement)
